Hyatt Place Portland
Request Letter to Proceed with Erection of Structural Steel and Precast

Attn: Building Inspector

The Hyatt Place Building Permit was submitted to the city for approval on 3.15.13. We have received a permit for foundations, but have not received a formal Building Permit. Due to schedule requirements we are requesting a permit to proceed with erection of Structural Steel and Precast Plank, expected to start on May 06, 2013. A General Building Permit Application has been filled out for Structural Steel and Precast Plank Erection.

Enclosed are the following documents:

- General Building Permit Application – Dated 5/01/13
- Accessibility Building Code Certificate
- Certificate of Design Application – Dated 12/04/12
- Certificate of Design – Dated 3/07/13
- Letter for Fire Department Requirements - Dated 3/12/13
- Life Safety Plan – Dated 3/01/13
- Structural Drawings S1.1-S1.7, S2.1-S2.2, S3.1-S3.3, S4.1- S4.2, S5.1- S5.6

Please call with questions or concerns.
Thank you.
