Subject: Fire Alarm System Review for One City Center Floors 9 & 13 Renovations Portland, ME

I have performed a review of the fire alarm system design drawings for the fit out at One City Center Floors 9 & 13, Portland Maine. The submittal package included the floor plans, riser diagram, battery calculations, and cut sheets.

I have found that the revision, dated October 1, 2015, of the fire alarm system design to be code compliant and adequately supports the fire detection, alarm, and notification requirements of this facility.
