Subject: RE: Central Provisions Permit Application-414 Fore Street

My apologies, I cannot seem to alter your document to include a complete detailed description, even tried to cut and paste. Also realized some of the formatted cells were different sizes as well. the below complete description below.

"Renovation of existing two level spaces from retail to restaurant on Wharf and Fore Street Levels. New interior finishes, seating, bars and kitchen and equipment. All new fire suppression, plumbing, heating and electrical systems. New ADA bathrooms on each level. Exterior work includes masonry cleaning and removal of existing electrical conduit and piping not required for new tenant."

Marc, your Project Description on the application ran out and we can't see any more of your project. Could you either re-size your digital permit app or respond with the complete Project Description? This will NOT hold up your application, unless we don't get it soon.

Good evening,

Please find the attached permit application for the above referenced property. I believe the only thing not submitted and pending with the Owner is proof of title/deed. They will be the Owner occupied tenant in their building. Let me know if you have any other questions. Thank you.
