Jessamyn,

I can answer some of the attached questions. For the questions that I did not answer and the stamped plans you will need to hire Matt from Mark Mueller Architects.

Answers to questions below:

- The building only has a sprinkler system in the restaurant space.
- The construction type is wood.
- The other occupancies are retail and office.

Tim,

I see that you were CC'd in the email to Tess regarding the request for the change of use. Can someone in your office answer these questions? We were able to get this expedited versus waiting the 4+ weeks so hopefully you already have the answers. Thanks in advance for your assistance!

Thank you,
