Dear Sir or Madame,

Street and Company would like to enter a petition for Exception for Special Circumstances.

We have been providing an outdoor dining experience for locals and tourists alike for 25 years on the sidewalk along the front of our building at 33 Wharf St. We hope to continue to offer that this year.

Our dining area takes up the entire sidewalk from our front door to the end of the building. However, we only use that area from 4:30 pm to 11:30 pm, and as you know, Wharf Street is blocked as a pedestrian way during that time.

Please consider our request to keep our current outdoor dining area as it has been. Thank you for your time.

Sincerely,

Cathy Gore
General Manager, Street & Co.
