Hello Chris,

I am the co-owner of Old Port Vape on Spring st. I have attached a floor plan that I think you required on your last email to my partner Alex Russak. I also dropped off a copy of our signed lease last week so that should be in your possession at this point. As far as signage on the awning, I think we will hold off on that at this point.

Thank you and please let me know what else you might require.

Regards,

-John-
