Dear Brenda,

Let this letter serve as permission to place a sign on the exterior of the building at 6-8 City Center in Portland, Maine. I understand you want to place a 24" x 16" flat sign to the right of the entry door. All required permits must be applied for and obtained from the City of Portland before the sign can be installed, and the signage must be in full compliance with city codes.

Sincerely,

A handwritten signature in black ink that reads 'Scott Merrill'.
