Subject: Re: Permit

Please provide a cost of work on the application and send back. Also, a demo permit is required only if the structure of the CBL is being demolished. Your work does not require one, it can be added to your other application. Any questions, call 874-8703.

To Whom It May Concern:

Here is the permit for the Basement of a property located at 37-39 Wharf Street. Please let me know if there is anything that is needed. It is a change of use from a clothing store to a bar/lounge. I will be overseeing the project. Included are the engineering plans to remove a wall in between the 37 & 39 properties.

The project will consist of building new bathrooms and a bar. Fairly simple project.

Please let me know of any questions.

Thanks, Tanner
