They are not the exact same size. I have a pre-printed one that goes out from 4pm-7pm for our happy hour and then another that gets traded with the first sign for a 7pm-1am sign with our nightly specials on it.

Here is the second permit. I thank you for your help.

Tanner, I just spoke with Anne, the Zoning Administrator. She wants to see both signs. If they are both the exact same size, then we only need 1 permit for both (again, exact same size). You cannot have 2 signs out at the same time. Please make sure you are replying to this e-mail.

Here is a copy of our sign from 4pm-7pm.

The rest of the time we put out a sign like this that is used with chalk.

Is there anything else you need?

Hi Tanner

You still haven't provided a complete application package for this sign permit. If you have this sign out, it is not permitted and you run the risk of getting fined. This will be your final reminder. An inspector will be by for compliance. We look forward to seeing a complete application package as required (the first time.)
Thank you

Hi Tanner

You still need to provide the requirements on the checklist. Once we get a complete application, we can enter it.
