Outdoor Signs Designed for 24" x 36" Inserts

These outdoor signs are the most affordable, yet high-quality sidewalk signs on the market! These message boards, sign boards are sold at affordable prices, as they are sold without graphic inserts or plastic lenses. This characteristic makes the outdoor signs the ideal a-frames for print shops or individuals that already have custom printed inserts. Advertisers can implement one of these models without worrying about breaking the budget. Signicade® Deluxe outdoor signs are double-sided for maximum advertising. These a-frames are designed to hold two 24" x 36" sign inserts up to 3/16" in thickness.

These outdoor signs are manufactured exclusively from polyethylene, a durable plastic, making them ideal for exterior use. As a result of their durable construction, the frames won't rust or splinter over time, unlike wooden a-frames. These outdoor signs feature a sleek, white coloring. This hue allows the posters and colorful messages to pop off the board. These outdoor signs may be filled with sand for extra stability in windy weather. The hinges of this portable display lock and unlock for easy set up and transport. These outdoor signs have handles at the top for increased ease in transportation.

Please Note: This outdoor signage is the sign frame only. It does not come with any board, coroplast, or lenses. This "raw" unit is ideally suited for print shops or companies that have the ability to make their own signs on 1/8" coroplast.
