**Comments:**

1/22/2010-gg: received revised plans as requested along with the pdf file that has been entered as of 01/22/2010. /gg  
Filed with permit, in building review. /gg

2/5/2010-jmb: Spoke to Cassidy about discrepancy of site plan with building plans and other deficiencies in the plans including legend for kitchen equipment, new stair detail, bar setup, bathroom fixture requirement, what is in the 2nd story above, where does the right side interior stair go, steel specs on the new window/door installation. He advised to speak with David Llyod, left vcmmsg for David.

2/8/2010-jmb: David L. Called to inform can speak with Barry U. About the plans. Spoke with Barry about all the items, he will submit revised plans and site plan.

2/9/2010-jmb: Received plans for 2nd revision

2/10/2010-jmb: Reviewed plans, brought copies of the new site plan to planning (Jenn D) for exemption review. Routed permit application to historic. Ok to issue when planning/historic approve.

2/16/2010-gg: received granted site exemption as of 02/16/10. Filed with permit (Tammy) /gg

2/16/2010-gg: received permit from historic on 02/12/10. Gave permit to Building (Tammy). /gg

2/3/2010-mes: Supposedly the revised plans take off the addition so there should not be a hold up on the permit (they are having trouble getting oks from abutters. There is still a small office addition that meets B-4 zoning- Just check with planning before issuing.

2/4/2010-mes: Submitted plans showing that they removed the addition in the easement, but not the small office within the property lines from the application - the owner (cassidy Pappas) is having trouble gaining the required sign-offs from abutters. Will get a new permit for that work in the future.

12/4/2009-mes: There is a new addition on the rear - this permit needs a site plan review and Historic review - showing addition on an easement. Permit given to Fire - Give back to zoning for a final sign-off. This needs a site plan review. Need a letter or something from Cyrus Hage about the encroachment of the easement in the rear. I spoke to David Lloyd about these issues. WAIT for site plan sign-off --

Just wanted to follow up on this for historic and site plan exemption status. I am ok on my end to issue when you guys are all set. I am tentatively off until Thursday next week, my approvals are entered in UI, just not signed off on the permit.

Just don't want this to be held up if approvals are a go before I get back.  
Thanks
