Notice of Violation

Dear Tom Manning:

A health inspection of your establishment was performed on the 9th Day of May, 2008.

The inspection report dated May, 9th 2008 indicated unsatisfactory sanitary condition, primarily contamination via food and non-food contact surfaces and inadequate hygienic practices.

Attached is a copy of the inspection report, which indicated unsatisfactory sanitary condition of your food service establishment at the time of inspection.

The next inspection of your establishment will be carried out within ten (10) days, at which time it is required that all operational and maintenance practices comply with the standards set forth in Chapter 11 of the City's Ordinance. Furthermore, the bar flooring and leaking plumbing fixtures shall be repaired and or replaced.

If your establishment is graded unsatisfactory upon re-inspection, the matter will be referred to the City's Corporation Counsel for action pursuant to § 15.8 of the License Ordinance. Action may include license suspension or revocation and possible civil penalties pursuant to § 1-15.

Please be advised that because this requires a second inspection, § 6.2 of the Code requires that you pay a \$75.00 re-inspection fee. Failure to pay the assessed fee within thirty (30) days shall cause the City to assess lien against the property pursuant to §1-16 of the Code.

Sincerely,

Jon Rioux,
Code Enforcement Officer
