<p>Approval is only for conformance with the design concept of the project and compliance with the information given in the Contract Documents. Contractor is responsible for all dimensions, quantities and performance requirements to be confirmed and correlated at the job site; for all information that pertains solely to the fabrication processes or to techniques of construction; for all coordination of the work of all trades; and for assuring consistency with the Contract Documents. Approval of drawings or items does not relieve the Contractor of the responsibility for complying with all requirements of the Contract Documents.</p>
