Notes:	• I've almost complete	• • • d the review of the to	enant fit	• • • up portion of the p	• oroject. I have two
concern areas. The holding area for the law enforcement agency, emergency hardware etc. ( what					
happens if someone is incarcerated and a disaster happens)					
The fourth floor, what is it? The use group faxed over shows 2B, which is a type of construction					
not a use group classification, I need to know if this use fits the "I" use groups which have					
separate review criteria.
