Hi Ann,

1. The panels are 11 inches x 61" and yes – both pylon signs.
2. The space will primarily be display space to promote our sign products. There may be some wide format printing to create banners or small printed signs and vehicle graphics.
3. The frontage is 20 feet (plus/minus)

Thank you,

Terry

Terry -

I have a couple of questions for you before I finish my zoning review.

1. Are you installing 11' x 61" panels in both pylon signs?
2. You state the proposed use as "retail storefront". Can you explain how Welch Signage is using the space?
3. For a multi-tenant lot, we need to know what your tenant frontage is for Unit 6.

Thanks.

Ann Machado
