“When the temperature has to be *just* right!”

Inspection Office
315 Congress Street
Portland Me. 04103

Residential proposes to install a direct vent wall hung boiler in the basement at 5/7 Grant Street building DBA Pharo's House.

The boiler will be hung with 2x4 timbers in the boiler room located in the basement.

The vent will terminate using 3" pipe and at the adjacent outside wall with clearances from windows, doors and vents exceeding the one foot requirement set forth in the installation manual.

The venting will be on the left side of the building within the seven foot to property line.

I understand that the permit fee for the contract cost to be \$105.00 unless otherwise directed.

Martin
