Hi Mr. Wallace,

I spoke with you the other day about the inspection at my apartment building and the violations that were detailed in a letter dated 9/2. My business partner, Roger Mayo and I are working to address the violations. We have purchased the fire proof door and are waiting to hear from a carpenter that was recommended to us by a neighbor. We are purchasing the metal cabinet for the paint and gas cans this week. We will let you know when the door is scheduled to be installed and when the job is completed. Please feel free to contact me when you or someone else wants to do a follow up inspection. Please give me plenty of notice. Currently I am working fulltime at the Portland Museum of Art and I'm a fulltime student at USM, so I'm really busy. I want to be sure that I can accommodate the fire dept. in their follow up inspection. I don't always check my email as frequently as I should especially during a busy school week.

Thank you for your patience and cooperation. Feel free to contact me by phone anytime. 712-2716

James Neal
