Deb

I have spoken to you about 2 of these and confirm that I would appreciate having your HP comments as follows:

1. **11 Brown Street** (Soleys) (to PB Hearing 13 oct); HP written comments if poss by Oct 7th please
2. **26 Thomas St** (WW Parish House) (to PB Workshop 13 Oct): HP comments (at least verbal) by Oct 8th please

The other is **415 Cumberland Ave-** (to PB Hearing Oct 27) - I don't know whether the applicant Patrick Ducas has spoken to you, but he has stated in his narrative (attached, along with photos of existing building) that he will be seeking to have this building included in the Congress Street historic district and to submit this building for inclusion in the National Register. Not sure if you need to advise the PB of anything- for further discussion I guess and we have a bit more time on this one.

Thanks  
Jean
