Thank you for reaching out:

1. This was never used as a restaurant how ever the menu we are mostly cold items. Will be putting in all the proper sinks.
2. I can do that however there is no need for an walk in cooler.
3. Yes it does and, yes he does
4. Not to my knowledge, at lease not in my space

Jared,

I am handling the plan review for 565 Congress Street and have the following questions:

1. The scope of work shows this as an art studio previously. Was this, at a previous tenancy, ever a restaurant and is any portion of the kitchen existing?
2. Can you provide a better scope of work including clarifying the scope of work for the kitchen, labeling all kitchen equipment including prep area, dishwasher, floor drain, walk-in cooler, floor finishes in kitchen, etc. Is the walk-in cooler prefabricated or being built on-site?
3. Does this building have a basement area and if so, does the tenant have access to the basement.
4. Is the building sprinkled?

Thanks,

Laurie
