Hi Tori

I'm hoping this will do the trick.

Hi Michelle -

Here's some additional information and pictures. I'm not certain exactly what the City is looking for but feel free to call my cell at [207-844-4713](tel:207-844-4713) if there additional questions.

Stageline SL100 Mobile Stage with roof (Deering Oaks Park)

Stage dimensions: 24' x 20'

Design live load: 100lb/sq ft

Wind resistance: 80 mph

Manufacturer brochure (Page 14 has additional tech specs: <http://stageline.com/wp-content/uploads/2014/01/SL100-Brochure.pdf>)

Staging Concepts (Congress Sq. Park)

Stage Dimensions: 8' x 16'

Spec sheet on supports: <https://www.stagingconcepts.com/wp-content/uploads/2013/11/SC9600-Bridge-Support.pdf>Spec sheet on decks: [https://www.stagingconcepts.com/wp-content/uploads/2013/10/SC90\\_Platform.pdf](https://www.stagingconcepts.com/wp-content/uploads/2013/10/SC90_Platform.pdf)

Distributed live load: 150 lb/sq. ft

Both stages will be on pads and leveled and appropriately set up according manufacturer specifications

Thanks,

Eric

Hi Michelle,

I'll get it together tonight or tomorrow for you.

Hi Eric

This information doesn't work for the city.

I need dimensions and sketches ...product info. For both.

So sorry, we've never. Even asked for this before.

Michelle
