Sketch/ Photo of Sign

Content: Name of restaurant, "Vinland" in white painted letters on gray painted background

Dimensions: 4 ft tall x 10 ft long x 3/4inch wide.

Materials: Marine grade plywood

Source of illumination: none

Construction method: One single piece of marine grade plywood

Specifics of installation/attachment:

The sign will be attached to the brick façade of the building with eight bolts. The bolts are each 1', one foot long. They will bolt the sign to the brick and iron I-beam of the building, with rear brick-side face-plates. There will be four bolts on the top of the sign, bolted into the brick, and four bolts on the bottom of the sign bolted into the I-beam.
