Re: Letter of Permission for Proposed Signage for Vinland

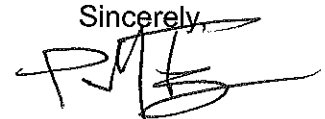

Dear whom it may concern,

I, Paul Trusiani Jr., hereby grant permission for Vinland and its owner David Levi to install the proposed new signage on my property located at 593 Congress Street, Portland, Maine.

The signage will be made and installed like the original signage on the frontage facing Congress Street. It will be a painted 8' x 4' plywood that reads "vinland". It will be bolted by a professional mason onto the side of the building that faces High Street. This must be covered by Vinland's insurance with Clark Insurance.

If you have any questions, I can be reached at 207-939-4114.

Sincerely,

A handwritten signature in black ink, appearing to read "P. Trusiani Jr.", with a long horizontal flourish extending to the right.

Paul Trusiani Jr.
