Project description/scope of work (attach additional pages if needed):

AT&T proposes to modify their rooftop antennas facility by swapping three (55"x11"x5") antennas for three (52"x12"x10.8") antennas, adding three remote radio heads to a pipe behind the antennas and installing an additional Surge Arrester to the antenna frame. AT&T received a building permit #2016-62078 for a modifications to this rooftop that has not been installed. This project is for additional modifications as described above and may be installed concurrently with the other building permit.
