Directions to Site

Abandoned facilities (tanks and piping) shall be removed, except where the owner can demonstrate to the Department that removal is not physically possible because the tank or other component of the facility to be removed is either (check all that apply):

- ☒ a. Located beneath a building or other permanent structure which cannot be practically replaced;
- ☐ b. Of a size and type construction that it cannot be removed;
- ☒ c. Inaccessible to heavy equipment necessary for removal; or
- ☐ d. Positioned in such a manner that removal would endanger the structural integrity of nearby tanks remaining in service.

Describe or diagram the location of tank(s) under consideration. Photographs are encouraged. Use back of sheet if necessary.

"I hereby apply for permission to abandon in place the underground tank(s) described above. I have examined the information submitted in this document and believe the information to be true, accurate and complete to the best of my knowledge."

Re: Zoning Certificate for The Earl

Dear Sam:

I spoke with Gordon Hamlin, who expressed your concerns concerning the zoning certificate in the format requested due to the issue of the second means of egress from The Earl, which is presently blocked by the locked gate which is maintained by the abutter.

Accordingly, I would propose that you would modify the Zoning Certificate in the following manner:

1. Page 1, paragraph (ii) at the end of that section insert the following: "Except for the matter pertaining to the second means of egress which is addressed in subparagraph (v) of this letter."
2. Page 2, paragraph (iv) at the end of the last sentence please insert the following: "Except for the second means of egress from The Earl which is addressed in subparagraph (v) of this letter."
3. I would propose that you would insert the following: "(v) As a result of the abutter locking the gate at The Earl, the second means of egress is effectively blocked. The owner can remedy this violation by either removing the locked gate, removing the lock on the gate, or by providing a second means of egress which would be by constructing a fireproof tunnel and stairwell from the first floor to the basement and extending a firewall tunnel through the basement to the rear of the building. We have been advised by the owner that the second means of egress will be accomplished no later than _____, _____. Upon completion an inspection will be done to ensure that the second means of egress has been provided for. Upon such inspection and assuming that the second means of egress is provided for, then the Project will be in full compliance with the applicable codes and ordinances.

LOAN NO. _____

(Zoning Certificate)

(LETTERHEAD OF MUNICIPALITY)

[Name and Address of Lender]

_____Re: _____; [here insert address] (the
"Project")

Gentlemen:

In response to your request concerning the Project's compliance with applicable codes, regulations and ordinances, please be advised as follows:

(i) the [here insert applicable governmental authority] is responsible for (a) enforcement of building codes, zoning ordinances and similar codes or ordinances related to commercial development in [here insert applicable city, county, or municipality] and (b) the issuance of certificates of occupancy in [here insert applicable city, county, or municipality];

(ii) certificates of occupancy have been issued without condition or variance and are in effect for all buildings and, if required, for all units at the Project, including, as applicable, all apartments, stores, offices and other components thereof, and we are not aware of any circumstances which would render the certificates of occupancy invalid or cause them to be revoked;

(iii) the Project more particularly described in Exhibit "A" attached hereto is zoned _____ under the laws or ordinances of [here insert applicable governmental authority], which zoning is proper for the [here insert brief description of Project] and related amenities comprising the Project, and accordingly the Project is a conforming use.

ZONELTR.DOC

Attached hereto as Exhibit "B" are true copies of the applicable ordinances, resolutions or regulations relating to the zoning and use of the Project; and

(iv) as a condition of the issuance of the certificates of occupancy in [here insert applicable, city, county, or municipality], a property of the type and size of the Project must comply with all applicable codes and ordinances including, but not limited to, building codes, any regulations pertaining to any entry sign board, fire department codes and regulations, applicable zoning laws, landscaping and parking requirements, obtaining appropriate curb permits and provisions for applicable sanitary sewer, water, storm drainage and other utilities. The issuance of the certificates of occupancy for the Project is evidence that the conditions set forth have been satisfied at the Project.

Sincerely,
