Hello Alyssa,

I am in the process of reviewing this project for building code compliance. At this time, I am requiring revisions and/or additions to the drawings in order to proceed. I have made comments on the attached pdf files.

Please revise your submission and send it to me at this email address.

Note that revisions made to an original drawing/document should be resubmitted **using the exact original file name for each page** (please use the file names of the attached drawings). Our Eplan program will automatically assign a new version number to that pdf file.

Please let me know if you have any questions. I look forward to your response.

Thanks, Brian

Hello Brian,

See attached. We have changed the indicated areas as needed.

I have reached out to Tom Williams at the city and not heard back- however because they already have a liquor license and existing business Rob would like to move this forward as is.

Let me know if you need anything else from me.

Thanks

Alyssa Keating
