BUILDING PERMIT INSPECTION PROCEDURES

Please call 874-8703 or 874-8693 to schedule your inspections as agreed upon

Permits expire in 6 months, if the project is not started or ceases for 6 months.

The Owner or their designee is required to notify the inspections office for the following inspections and provide adequate notice. Notice must be called in 48-72 hours in advance in order to schedule an inspection:

By initializing at each inspection time, you are agreeing that you understand the inspection procedure and additional fees from a "Stop Work Order" and "Stop Work Order Release" will be incurred if the procedure is not followed as stated below.

A Pre-construction Meeting will take place upon receipt of your building permit.

- _____ Footing/Building Location Inspection: Prior to pouring concrete
- _____ Re-Bar Schedule Inspection: Prior to pouring concrete
- _____ Foundation Inspection: Prior to placing ANY backfill
- _____ Framing/Rough Plumbing/Electrical: Prior to any insulating or drywalling
- X ~~Final/Certificate of Occupancy:~~ Prior to any occupancy of the structure or use. NOTE: There is a \$75.00 fee per inspection at this point.
- Call when done.

Certificate of Occupancy is not required for certain projects. Your inspector can advise you if your project requires a Certificate of Occupancy. All projects **DO** require a final inspection

X If any of the inspections do not occur, the project cannot go on to the next phase, REGARDLESS OF THE NOTICE OR CIRCUMSTANCES.

W/A **CERIFICATE OF OCCUPANICES MUST BE ISSUED AND PAID FOR, BEFORE THE SPACE MAY BE OCCUPIED**

A site sketch and building sketch showing exactly where existing and new signage is located must be provided. Sketches and/or pictures of proposed signage and existing building are also required.		

Please submit all of the information outlined in the Sign/Awning Application Checklist. Failure to do so may result in the automatic denial of your permit.

In order to be sure the City fully understands the full scope of the project, the Planning and Development Department may request additional information prior to the issuance of a permit. For further information visit us on-line at www.portlandmaine.gov, stop by the Building Inspections office, room 315 City Hall or call 874-8703.

I hereby certify that I am the Owner of record of the named property, or that the owner of record authorizes the proposed work and that I have been authorized by the owner to make this application as his/her authorized agent. I agree to conform to all applicable laws of this jurisdiction. In addition, if a permit for work described in this application is issued, I certify that the Code Official's authorized representative shall have the authority to enter all areas covered by this permit at any reasonable hour to enforce the provisions of the codes applicable to this permit.

Signature of applicant: <u>Thomas Peaco</u>	Date: <u>11/28/00</u>
---	-----------------------

This is not a permit; you may not commence ANY work until the permit is issued.

“Stories of Light”

This holiday season the Make-A-Wish Foundation of Maine will light up the night—literally. From November 29th through December 23rd, the Time/Temperature Building will be illuminated at night to raise money and awareness for the Make-A-Wish Foundation of Maine.

Sponsors will **be** invited to help fund a wish by making a donation or pledge to the Make-A-Wish Foundation of Maine. **As** a visual thermometer to the community, each time **enough** money is raised to grant a wish (the average cost of **a** wish is \$5,000) a Make-A-Wish logo will be illuminated on a different floor **of** the building. The campaign goal is to raise enough money to fund one wish for each **of** the **14** floors or \$70,000.

Stay tuned to WMTW Channel 8 and FRANK FM 107.5 between November 29th and December 23rd to help us light the way for seriously ill children in Maine who will be strengthened in 2005 **by** the magic of a wish.

Make-A-Wish®
Stories

of LightSM

Stories of Light Holiday Program

*5th Annual Make-A-Wish Stories of Light Holiday Program
granting children's wishes and lighting Boston's landmark Prudential Tower*

Presented in partnership with

in cooperation with

So light up the night this holiday season and light up a child's life. Why do we call it *Make-A-Wish Stories of Light*? Each time a floor of the Prudential Tower is illuminated with a colorful array of lights, a new story begins for one of our special children as his or her wish is granted.

Since 1999, Make-A-Wish Foundation of Massachusetts has illuminated the Bowdoin Street façade of the Prudential Tower to increase awareness and raise funds to grant the wishes of children facing life-threatening illnesses. Each time a company or organization steps forward to sponsor a wish by making a \$5,000 donation – enough to underwrite the cost of one wish – we “light up” one floor of the Prudential Tower. Thanks to the generosity of our donors, we have been able to grant more than 170 special wishes through this program alone.

Become a partner in hope

With your help, children find hope, families find strength and communities become more caring. Here's how you can make a difference:

- Support the *Make-A-Wish Stories of Light Holiday Program* through a “Light-A-Floor” sponsorship of \$5,000
- Create a “Stories of Light Team” of employees, schoolmates or friends and dedicate yourselves to lighting a floor of the Prudential Tower
- Make an individual donation of \$1,000, \$500, \$100, \$50 or \$25. All gifts make a difference.
- Visit the Wishing Well, the *Make-A-Wish Stories of Light Holiday Program Booth* located in the Terrace Food Court in The Shops at Prudential Center, and partake in the festivities planned December 6th-14th, 2003.

Net proceeds from this program will support our efforts to grant wishes to all medically eligible children in Massachusetts.

Standard Features & Accessories for the EC-2 Architectural Luminaire

FEATURES:

- CMY color mixing
- Long lamp life
- High reflectivity computer designed multi elliptical reflector for maximum output
- Fully convection cooled - no fans
- Easy access for lamp change and electrical connections
- Smooth full field dimming
- 24 to 35 Zoom lens
- Optional wide angle lens (30 to 44)
- Variable strobe

CONSTRUCTION

- Rugged fully weatherized IP66 housing (EPA2.05)
- High precision aluminum pressure die cast housing
- Selectable input voltage: 100/277V at 50/60Hz

OPERATION

- Control via DMX 512 protocol
- Occupies 9 DMX channels in standard protocol
- All operating parameters and diagnostics available through the DMX 512 serial link
- Remote fixture power up and shutdown
- 32 on board memory presets for stand alone operation

MECHANICAL SPECIFICATIONS

- Height: 390mm = 15.3in
- Width: 231mm = 9in
- Depth: 425mm = 16.7in
- Weight: 35lbs = 16kg

Source: M 250/2
Output: 7,000 lumens
Color temp.: 6500" K
Life: 2,000 hours

EC-2™

The Environmental Color 2 is a high output architectural wash light that provides unlimited color mixing in a compact, affordable unit.

Small, light, efficient and affordable, Environmental Color 2 is designed from scratch to meet the specific needs of the architectural lighting professional. EC-2 combines impressive light output with unlimited color mixing in a fully weatherized IP66 static unit.

Precision optics and a zoom lens provide a smooth, even field. EC-2's stand-alone playback capabilities together with easy installation and maintenance access make it perfect for a variety of applications.

High performance and dependable operation make EC-2 the perfect enhancement to any architectural setting. Whether through subtle color change or animated programming, EC-2 makes your outdoor environments come alive with color.
