

582 Congress (Rear)

Free Street

Storefront Redesign

Existing

Existing is not original. It is presently green painted stucco with trowel effect, aluminum framed door, glass and Plexiglas windows

Proposed

- Entry foyer setback retained
- Windows expanded to original iron columns along the sides and upper beam
- Original door to be restored and used, if possible
- Materials to be combination of painted black metal and wood

(Note: Signage is for illustration purposes only, and not part of this plan)
