NOTES

10/29/97 - From my observation  
 5 trimers have been removed  
 from the top story and one  
 enclosed by light which extended  
 from the ceiling to the roof.  
 Some of these bearings have been  
 closed on the room side.  
 The room at the head of the  
 stairs on the top floor has a  
 section of the ceiling missing  
 and from this opening can  
 be seen part of the vent  
 system for the grill in the  
 restaurant on the first floor.  
 It is hard to see, but it  
 looks as though this vent  
 is also taking air from the  
 attic. I could not see any  
 way to get into the attic.

11/1/97 - Letter about fire stop  
 and vent system.

11/22/99 - The above work  
 is to be handled by R.I. in  
 the form of a complaint.

Estimated cost \$ 200. Fee \$ 1.00

Description of Present Building to be Altered

Material brick No. stories 1 Heat \_\_\_\_\_ Style of roof \_\_\_\_\_ Roofing \_\_\_\_\_  
Last use Restaurant No. families \_\_\_\_\_

General Description of New Work

To provide concrete surface on floor of ladies toilet room as per plan

The concrete surfacing is to be no less than two inches thick at any point, is to be pitched properly to the floor drain, if any, is to be reinforced with suitable wire mesh embedded in concrete, is to be extended up the surface of walls and partitions at least four inches above the surface of the floor at the wall or partition and a curved or other shaped surface provided for sanitary reasons where the horizontal surface joins the vertical surface. Before concrete is placed, suitable waterproof felt is to be laid on the floor surface to be covered. In event the additional weight of concrete would overload present floor framing and supports according to Building Code standards, this floor framing and supports will be permanently strengthened accordingly. It is understood that Health Department stipulates also that concrete is to be waterproofed with acceptable integral waterproofing, and that surface be painted with waterproof paint especially prepared for concrete, preferably of dark red color.  
It is understood that this permit does not include installation of heating apparatus which is to be taken out separately by and in the name of the heating contractor.
