

The boundary lines depicted on this sketch rely entirely upon the information depicted on a "Plan of Property - Baxter Building" made for Great Bay Company by R.P. Titcomb Associates, Inc. dated October 23, 1986. No further deed research or field work relating to the boundary location has been performed. The sole purpose of this sketch is to show the current exterior improvements to the property based on a site visit conducted on November 20, 2012.
