Is there any way you can measure one just to verify? I think all the other applications said 40" so I'm hoping this one is just a mistake!

Perhaps. It's the same size as all the others we've had approved. It needs to fit in the frame that displays it

Thought it was 40. Same exact size of the ones the City uses at elm St garage and spring St garage

Hi Andy,

Are the signs actually 44" when installed? The maximum height our ordinance allows is 40".

Thanks,
Chris
