

"permission from property owner"

(Dirigo Management + Company)

Commercial Unit Sign

Salon Burke would like to place a sign on the front of the building for its business. The sign's bracket will be drilled into the building, but the sign will be removable so that future unit owners may place a new sign in the bracket. The sign has been approved by the city historical zoning committee. DMC will double-check the Association by-laws to ensure adding the sign does not violate any by-laws.

Susan made a motion to approve placement of the sign, contingent upon there being no violation to the by-laws. Trevor seconded the motion, and all present Board members were in favor.

Survey

Janice developed a survey to determine unit owners' interest in making building improvements using assessments. She will make final edits to the document and distribute to the Board for final review before distribution to unit owners.

Art in Front Entrance

Janice would like to add a new piece of art in the front entranceway. She will share different proposed pieces with the Board.

Summary of Action Items

- Check Association by-laws to determine if there are any limitations on Salon Burke putting a business sign on the front of the building and –**Owner: DMC**
- Schedule carpet cleaning and window cleaning to occur on or after May 1st –**Owner: DMC**
- Provide the quote from Jack's Painting to the Board –**Owner: DMC**
- Add a table of changes in ownership/leasing to the monthly report –**Owner: DMC**
- Schedule the snow melt system in the courtyard to be turned on in September before the snow comes –**Owner: DMC**

Madison-

The sign you have proposed was approved at the Board meeting in April as it did not violate anything in the association by-laws.
