Hi Carolyn,

I was taking a first look at the sign permits for BRGR Bar and had a question. The plans show that the yellow awning was to be removed and replaced with some sort of new awning or projecting feature (it is hard for me to tell from the plans the exact nature of the new feature). Has this work already occurred? If not, is it proposed now?

Thanks for any clarification you can provide.

Best,
Chris

Hi Chris -

Thanks for reaching out. We did remove the awning but have not replaced with the corten awning we had originally planned and shown to the HPC due to the cost. It may still be a future project but is on hold for now. If we do want to move forward down the road with the corten should I be filling out a separate application with you? Thanks for all your help!

Cheers,
Carolyn
