Stefano -

I have completed my initial zoning review of the sign permit. I need some more information before I can approve it.

1. I need to know what material the sign is made out of.
2. I need to know how the sign will be attached to the bracket.

Please email this information directly to me.

Thank you.

Ann

Good afternoon Ann,
The material is vinyl mounted on
dibond frame and will be hang to the wall bracket with the existing hook. I f You need some more specifics I can hear
directly from M&H sign
Hope this explanation gonna be ok
Please let me know
Have a great weekend

Hello Stefano,

Sorry I've been out on install most of the day.

1. The sign is made of printed adhesive vinyl mounted on 1/8" thick Aluminum Composite Material (ACM).
2. The sign will be screwed to the bracket face.

Please let me know if you have any more questions. Thanks!

Jesse
