Good Morning Jeanie,

As requested from our phone conversation this morning attached is the package we put together for projects we would like to do in the existing building before April 22, 2013 when we take over the entire building. Each one of these projects is still part of the 100% Construction Documents which have been submitted for permit, but we have pulled out so they can be reviewed separately. We have also sent a copy to Ben Wallace at the Fire Department per your request. We look forward to speaking with you regarding these projects once you have had a chance to review and discuss with Tammy.

Thanks

Brian Larsen
