Dear John,

Please be advised that we have received the notice of violations in our building at 7 Pleasant Street. We have begun making the needed corrections and we anticipate being able to call for a follow-up inspection the second week of May. There is one major violation that we are very concerned about which is the requirement to install a new fire alarm system. We met with Norris Company yesterday and should be getting the quote for the new system shortly. Once we receive the quote we will make a plan of action and send it to you for your approval.

We will call your office for the follow-up inspection once we have a firm date.

Sincerely,

A handwritten signature in cursive script that reads "Cathy Ann Wirth".
