Dear Ms. Munson,

On behalf of our client, Casco View Holdings, LLC, we submit the attached Fast-Track General Building Permit Application and supporting documents for the above referenced project

The work proposed under this application will entail the following:

1. Partial demolition of non-load bearing partitions and finishes at the 2<sup>nd</sup> & 3<sup>rd</sup> floors.

Materials will be removed via an exterior window dust-controlled chute to a grade level trailer or small dump truck as demolition activities proceed through each work day. Temporary dust/noise controls will be installed in each of the designated demolition areas as the work progresses. All existing means of egress will be maintained fully accessible during the work period.

Thank you for your assistance with this project. Please do not hesitate to contact me directly with any questions or comments.

Sincerely,

*Michael F. Hays*
