Dear Building Inspections,

Please retract/delete our request for an amended building permit currently in your queue for HVAC grille/window modifications at the rear of the building. The 2/1/18 application is attached for reference.

The previously granted amended application (BP 2018-00184 dated 2/22/2018) contains the approval for these grilles, making the current request redundant and unnecessary.

Please contact me with any questions.

Thank you,

Mike
