File No.: 2000-143

Allied/Cook Construction
PO Box 1396
Portland, ME 04104

Attention: Mr. Paul Laliberte

Subject: Portland Harbor Hotel – Special Inspections

We are writing in regards to the special inspections of the new masonry construction at the Portland Harbor Hotel. We inspected the construction of the masonry at the location of the new elevator, at the new parapet wall on the exterior deck and at the new block stairwell. We found the construction (i.e. location of vertically reinforced cells and bond beam locations) to be in general compliance with our construction drawings.

If you have any questions, feel free to call us.

Sincerely:

Timothy G. Shelley, P.E.

RE: Portland Harbor Hotel – Special Inspection

Dear Mr. Nugent:

Enclosed please find a copy of the special inspection requirements and reports:

1. Attar Engineering, Inc. special inspections requirements for the project.
2. R.W. Gillespie & Associates, Inc. report of special inspections for concrete, steel, fabrication and erection and fireproofing materials.
3. H.B. Fleming steel pile certification.
4. Shelley Engineering, Inc. masonry certification.

If you have any questions, please do not hesitate to contact us.

Sincerely,

Paul R. Laliberte, P.E.
V.P. Project Management
