**Comments:**  
4/28/2006-amachado: Need certificate of insurance & dimensions of existing sign on Fore street. Talked to Jen at Barlo signs.  
6/27/2006-mjn: left message w/Barlo sign, the overhanging sign appears to exceed the limitations of Sectionb 3202.3.1 of the building code. Will also want some engineering.

> Hi,

>

> I found we built that light box... and I am not saying we didn't get a permit but if we didn't I suspect we did so because its not really a sign for advertising. (in sign company terms.) When it went up it had community service info and a local map inside the sign face. As far as I know they replace the paperwork inside the case from time to time with various info.
