Hi Fiona,

I took a look at the documents and have determined that I can allow this application to be eligible for Fast Track despite the fact that this property is not a one or two family home. This is an individually owned Residential Condo in a multi-family commercial building, 1 of 24.

This fast track allowance is being granted on an individual basis according to the proposed scope of work. Please note that I have changed the permit type and description to reflect this and added a Building Inspection review so I can add some pertinent conditions of approval.

Thank you for inquiring with me on this and please include a copy of this email as a pdf document in the G drive and eplan for the record.

Let me know if you have any questions.

Jeanie
