## Activities Requiring Approval in Historic Districts

If your property is located within a historic district or is an individually designated historic structure, it is necessary to receive approval before proceeding with any exterior alteration, construction activity or site improvement that will be visible from a public way. Following is a list of activities requiring review.

**Please check all those activities that apply to your proposed project.**

### Alterations and Repair

- Window and door replacement, including storms/screens
- Removal and/or replacement of architectural detailing (for example porch spindles and columns, railings, window moldings, and cornices)
- Porch replacement or construction of new porches
- Installation or replacement of siding
- Masonry work, including repointing, sandblasting, chemical cleaning, painting where the masonry has never been painted, or conversely, removal of paint where the masonry historically has been painted
- Installation or replacement of either roofing or gutters when they are a significant and integral feature of the structure
- Alteration of accessory structures such as garages

### Additions and New Construction

- New Construction
- Building additions, including rooftop additions, dormers or decks
- Construction of accessory structures
- Installation of exterior access stairs or fire escapes
- Installation of antennas and satellite receiving dishes
- Installation of solar collectors
- Rooftop mechanicals

### Signage and Exterior Utilities

- Installation or alteration of any exterior sign, awning, or related lighting
- Exterior lighting where proposed in conjunction with commercial and institutional signage or awnings
- Exterior utilities, including mechanical, plumbing, and electrical, where placed on or near clearly visible facades

### Site Alterations

- Installation or modification of site features other than vegetation, including fencing, retaining walls, driveways, paving, and re-grading

### Moving and Demolition

- Moving of structures or objects on the same site or to another site
- Any demolition or relocation of a landmark contributing and/or contributing structure within a district

***Note: Your project may also require a building permit. Please call Building Inspections (874-8703) to make this determination.***

**ATTACHMENTS**

To supplement your application, please submit the following items, *as applicable to your project*. Keep in mind that the information you provide the Historic Preservation Board and staff is the only description they will have of your project or design. Therefore, it should precisely illustrate the proposed alteration(s).

X Exterior photographs (required for all applications.) Include general streetscape view, view of entire building & close-ups of affected area. *taken by Rob Weiner*

\_\_\_\_\_ Sketches or elevation drawings at a minimum 1/4" scale. Please label relevant dimensions. All plans shall be submitted in 11" x 17" format except for major projects, where 22" x 34" plans are requested. Applicants for major projects should submit one (1) 11" x 17" copy for scanning purposes.

\_\_\_\_\_ Details or sections, where applicable.

\_\_\_\_\_ Floor plans, where applicable.

\_\_\_\_\_ Site plan showing relative location of adjoining structures.

\_\_\_\_\_ Catalog cuts or product information (e.g. proposed windows, doors, lighting fixtures)

\_\_\_\_\_ Materials - list all visible exterior materials. Samples are helpful.

\_\_\_\_\_ Other (explain) \_\_\_\_\_

Hi Dave,

Thanks for sending the materials. It's not an ideal situation, but we can approve the inserts you propose because the storms and the infill are already there and the exterior is remaining essentially unchanged - assuming you maintain the maximum daylight opening possible. I wanted to let you know before I leave for the weekend. I'll be back on Monday if you want to go over any application details.

Best,  
Rob

Hi Rob,

Thanks again for meeting with me at the Park residence today. Attached are typical specs for the aluminum clad insert product line. I have also attached the specs for the Park job itself. For whatever it's worth; I feel that this product will work well for the Parks. Especially whereas the storm units will remain. I feel that the existing sashes are in rough shape & should be replaced. It would be nice to see an insert product be used in this application. I think it's a great opportunity.
