RE: SPRING STREET PARKING GARAGE - REPLACEMENT STAIRPANS

45

39-C-2

Dear John:

The stairpans that we are replacing at the Spring Street Parking Garage are the exact design and configuration as the original pans that are being removed.

The pans were designed as replacement pans as drawn and constructed by James McBrady Company. The existing pans are being removed by Hascall & Hall and the new pans are then being installed in there place using the existing stringers and headers to match the original design.

Sincerely,

Kevin C. Kaserman

Kevin C. Kaserman

We needed to keep the same rise & run as we used the existing headers and landings. #
