CODE ENFORCEMENT OFFICER'S CHECKSHEET

TO: Code Enforcement Officer  
RE: Property Information

The Maine State Housing Authority is implementing a statewide program offering apartment rehabilitation financing. As part of the application package, we are requesting that the local code enforcement officer complete the checklist below pertaining to the proposed project. This information will help us evaluate the feasibility of the project.

We thank you for your cooperation.

Please complete, to the best of your knowledge, the following checklist to assist the Maine State Housing Authority in determining the feasibility of the following project:

PROJECT DATA:

Project Owner: SHALOM HOUSE, INC.

Project Address: 90 HIGH ST., PORTLAND

Does this property have any known code violations?  yes  no

Does the building currently comply with local zoning requirements?  yes  no

COMMENTS: Currently a lodging house, this property complies with zoning. I have been notified by Shalom House that they want to change of use. This would necessitate a separate permit for the change of use. It would also necessitate a zoning change to allow this future proposal - Megan Schmittal Zoning Admin. 2/20/01
