Devin Cough  
Archetype PA  
48 Union Wharf  
Portland, Maine 04101

Dear Devin,

As per your request, this letter is to confirm the Sto Therm ci Classic façade system specified by Building Envelope Specialists for the Holiday Inn façade renovation project meets ASTM E84 (test method for Surface Burning Characteristic of Building materials) and NFPA 285 (Standard Method of test for the Evaluation of Flammability Characteristic of Exterior Non-Load Bearing Wall Assemblies containing Combustible Components using the Intermediate-scale, Multi-story Test Apparatus.)

If you have any questions, please call my office at 207-400-0086.

Regards,

Ron Goodwin-Maine Registered Architect  
Building Envelope Specialists, Inc.
