Thanks for getting back to me. I'm not exactly sure what "total cost of the work" means, but the Maine Bay Canvas estimate is the installed price. It also includes the cost of application of the logo which I have provided for you in "PDF A3 Logo Detail". The logos are basically a 12"x12" design and there are three of them so that is 3 sq.ft. of signage. That is one for each of the three awnings, the sizes of which appear on the "Proposed Awning" section of the permit application. There is no other writing on the awnings.

Hope this is what you are looking for. If more info is required, please let me know.

Steve

The signage application also doubles as the awning. The charges are different; detailed in the Fees section.

Awnings are based on the **total cost of the work**. Signage (if applicable WITH awnings) are based on **square footage** of message. You can have awnings without signage though.

I guess I didn't understand that part of the application. I thought it was internal. Sorry. The estimate from Maine Bay Canvas is \$2,072.00. I can send a pdf of the estimate if you would like.

Thanks,
Steve

Steve, what is the total cost of the awnings? This is needed for the cost of work and permit fees.

This is the resubmission of the the Awning Permit application for 61 Pleasant St. I believe I have addressed the highlighted issues.

Thank you,
Steve Gifford
