Attached are materials and documentation for an Application for Legalization of Nonconforming Dwelling Units at 67/69 Danforth Street (CBL 040-A-022 & 023), as well as a Change of Use Application for the same. Ann Machado determined the legal use of the building as five dwelling units and one office. We would like to add one residential unit and change the office to a residential unit, bringing the building to a total of seven (7) residential units. Both applications are attached. The plot plan, floorplan and evidence materials apply to both applications. I believe this includes everything required, but please let me know if there is anything else you might need. My contact info is below. Thank you.
