Project Name:	Subdivision Review to Legalize 4 Units	Project ID:	PL-000023-2018
Address:	44 Pleasant Street	CBL:	040 B004001
Applicant:	44 Pleasant St. LLC		
Planner:	Christian Roadman		

Mr. Tourigny:

On June 12 2018, the Planning Board considered your application for legalization of four existing residential units for a total of nine units at 44 Pleasant Street. The Planning Board reviewed the proposal for conformance with the City's site plan and subdivision standards. The Planning Board voted 7-0 to approve the application with the following conditions:

Subdivision Review

The Planning Board voted 7-0 that the plan is in conformance with the subdivision standards of the Land Use Code, subject to the following conditions of approval:

1. Confirmation from the Portland Water District of capacity to serve the property shall be provided to the Planning Authority for review and approval.
2. The subdivision plat shall be reviewed by the Planning Authority, Department of Public Works, and Corporation Counsel, and any necessary changes made prior to the Planning Board signing the plat.

The approval is based on the submitted plans and the findings related to subdivision review standards as contained in the Planning Board Report for application PL-000023-2018 which is attached.

Site Plan Review

The Planning Board voted 7-0 that the plan is in conformance with the site plan standards of the Land Use Code subject to the following conditions of approval:

1. The applicant shall submit a final site plan and construction management plan for review and approval by the Planning Authority, Department of Public Works, and Corporation Counsel.
2. The applicant shall pay into the City's street tree fund, at a cost of \$400 per tree, to account for each of the two trees not provided per the City's Technical Standards.

The approval is based on the submitted plans and the findings related to site plan review standards as contained in the Planning Board Report for application PL-000023-2018 which is attached.

Standard Conditions of Approval

Please Note: The following standard conditions of approval and requirements apply to all approved site plans:

1. Subdivision Recording Plat A revised recording plat, listing all conditions of subdivision approval, must be submitted to the Planning and Urban Development Department for review. Once approved, the plat shall be signed by the Planning Board prior to the issuance of a performance guarantee. The performance guarantee must be issued, prior to the release of the recording plat, for recording at the Cumberland County Registry of Deeds.
2. Develop Site According to Plan The site shall be developed and maintained as depicted on the site plan and in the written submission of the applicant. Modification of any approved site plan or alteration of a parcel which was the subject of site plan approval after May 20, 1974, shall require the prior approval of a revised site plan by the Planning Board or Planning Authority pursuant to the terms of Chapter 14, Land Use, of the Portland City Code.
3. Separate Building Permits Are Required This approval does not constitute approval of building plans, which must be reviewed and approved by the City of Portland's Permitting and Inspections Department.
4. Site Plan Expiration The site plan approval will be deemed to have expired unless work has commenced within one (1) year of the approval or within a time period up to three (3) years from the approval date as agreed upon in writing by the City and the applicant. Requests to extend approvals must be received before the one (1) year expiration date.

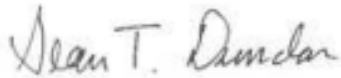

5. Subdivision Expiration The subdivision approval is valid for up to three (3) years from the date of Planning Board approval.
6. Performance Guarantee and Inspection Fees A performance guarantee covering the site improvements, inspection fee payment of 2.0% of the guarantee amount and three (3) final sets of plans must be submitted to and approved by the Planning and Urban Development Department and Public Works Department prior to the release of a building permit, street opening permit or certificate of occupancy for site plans. If you need to make any modifications to the approved plans, you must submit a revised site plan application for staff review and approval.
7. Defect Guarantee A defect guarantee, consisting of 10% of the performance guarantee, must be posted before the performance guarantee will be released.
8. Preconstruction Meeting Prior to the release of a building permit or site construction, a pre-construction meeting shall be held at the project site. This meeting will be held with the contractor, Development Review Coordinator, Public Works representative and owner to review the construction schedule and critical aspects of the site work. At that time, the Development Review Coordinator will confirm that the contractor is working from the approved site plan. The site/building contractor shall provide three (3) copies of a detailed construction schedule to the attending City representatives. It shall be the contractor's responsibility to arrange a mutually agreeable time for the pre-construction meeting.
9. Construction Management Plans The applicant, contractor and subcontractors are required to conform to the approved Construction Management Plan, and all conditions contained within the project's approval, for the entire duration of the project. Any amendments to the approved Construction Management Plan shall be reviewed and approved by the Department of Public Works prior to the execution. The Planning Authority and the Department of Public Works have the right to seek revisions to an approved Construction Management Plan. The applicant shall coordinate the project's construction schedule with the timing of nearby construction activities to avoid cumulative impacts on a neighborhood and prevent unsafe vehicle and pedestrian movements. Accordingly, nearby construction activities could involve a delay in the commencement of construction.
10. Department of Public Works Permits If work or obstructions will occur within the public right-of-way, such as utilities, curb, sidewalk, driveway construction, site deliveries and equipment siting, a Street Opening and/or Occupancy Permit(s) is required for your site. Please contact the Department of Public Works Permit Clerk at 874-8300, ext. 8828. (Only excavators licensed by the City of Portland are eligible.)

11. As-Built Final Plans Final sets of as-built plans shall be submitted digitally to the Planning and Urban Development Department, on a CD or DVD, in AutoCAD format (.dwg), release AutoCAD 2005 or greater.
12. Mylar Copies Mylar copies of the as-built drawings for the public streets and other public infrastructure in the subdivision must be submitted to Public Works prior to the issuance of a certificate of occupancy.

The Development Review Coordinator must be notified five (5) working days prior to the date required for final site inspection. The Development Review Coordinator can be reached at the Planning and Urban Development Department at 874-8632. All site plan requirements must be completed and approved by the Development Review Coordinator prior to issuance of a Certificate of Occupancy. Please schedule any property closing with these requirements in mind.

If there are any questions, please contact Christian Roadman at (207) 874-8984.

Sincerely,

A handwritten signature in cursive script that reads "Sean T. Dundon".

PLANNING BOARD REPORT PORTLAND, MAINE

44 Pleasant Street
Legalization of 4 Existing Residential Units
Level III Site Plan and Subdivision Review
23-2018
Applicant: Justin Tourigny, 44 Pleasant St LLC

Submitted to Portland Planning Board Public Hearing Date: June 12, 2018	Prepared by: Christian Roadman Date: June 08, 2018
--	---

I. Project Summary

The owners of 44 Pleasant Street, who purchased the property in May 2017, seek to legalize four existing residential units. The building currently contains nine residential units and two commercial units, but is only permitted for five residential units and two commercial units. The owners allege that nine residential units existed in the building since 1997. They seek to bring the building and all existing units into compliance with City code and the subdivision ordinance. In order to do this, the applicant intends to install a sprinkler system and upgrade the water service. This will necessitate utility work under the sidewalk and street next to the property, but no other exterior changes are proposed.

At the time of this writing, the Planning Department has not received a final site plan or construction management plan for review. Given the importance of improving life safety in the building, and because the four units to be legalized already exist, the Planning Department seeks planning board approval of the project with the condition that necessary documents (including a final site plan and construction management plan) be submitted for review and approval by the Planning Authority, Department of Public Works, and Corporation Counsel.

The property in question is located on the Peninsula between Pleasant Street, Maple Street, and Danforth Street. The property is not within a historic district, but is located immediately next to the How Houses historic district. (As no exterior building changes are proposed as part of this application, the project's review process did not incorporate historic preservation advisory review). The Planning Department sent 264 notices of this agenda item to property owners within 500 feet of the site. Notice of this item also appeared in legal advertisements on June 4 and June 5, 2018.

Applicant: Justin Tourigny, 44 Pleasant Street LLC

Consultants: Owen Haskell Inc (Randy Loubier); Northeast Civil Solutions (Jim Fisher); Leslie Benson (architect)

VI. PUBLIC COMMENT / NEIGHBORHOOD MEETING

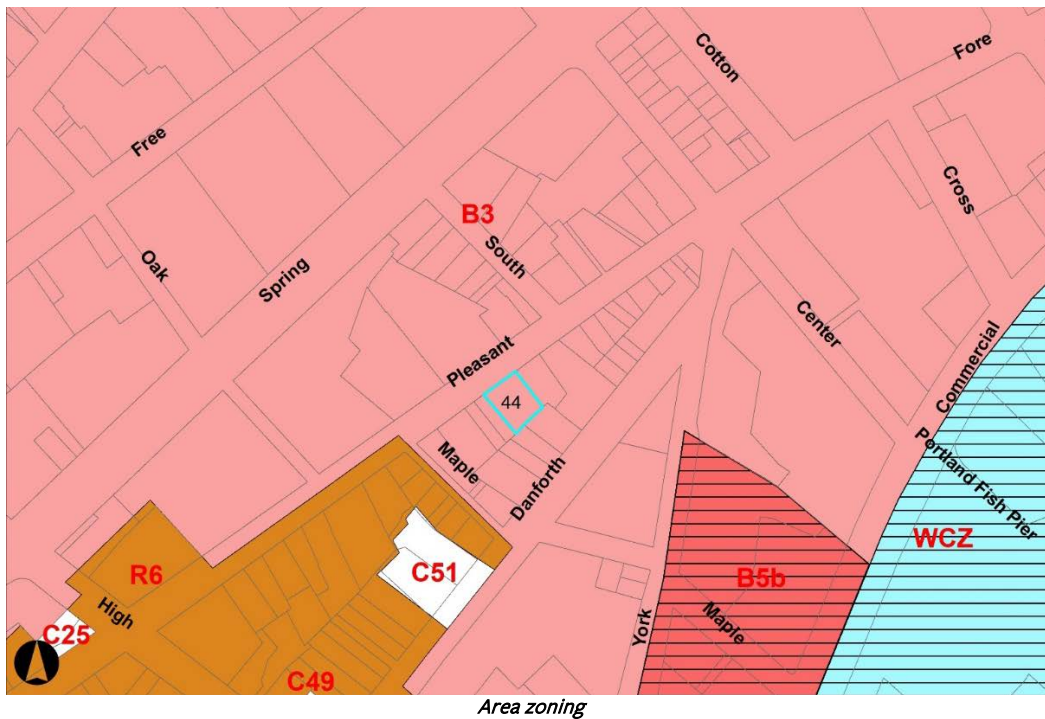

A neighborhood meeting is not required for this project, and no public comment has been received.

VII. RIGHT, TITLE, INTEREST AND FINANCIAL / TECHNICAL CAPACITY

The applicant submitted a copy of a warranty deed evidencing ownership of 44 Pleasant Street. This project entails the legalization of four existing units, not the construction of four units, so evidence of financial / technical capacity has not been requested.

VIII. ZONING ANALYSIS

The property at 44 Pleasant Street is located within the B-3 downtown business zone. As the proposed legalization of four residential units is considered a change of use, no additional vehicle parking is required under B-3 zoning. Two bicycle parking spaces are required for every five dwelling units, which is exceeded by the applicant’s proposal of 10 spaces. Staff find the proposed project in conformance with zoning requirements.

Area zoning

IX. DEVELOPMENT REVIEW

A. SUBDIVISION (Section 14-497)

The proposed development prompts review for conformance with relevant standards of Portland’s subdivision ordinance and applicable regulations.

Will Not Result in Undue Water and Air Pollution; Will Not Result in Undue Soil Erosion
 Staff find the proposed project in conformance with this standard.

Sufficient Water Available
 The applicant has not provided a capacity to serve letter from the Portland Water District, only the District’s suggestions for new water / sprinkler service. A subdivision plat was submitted by the applicant on Friday, June 8, and has not been thoroughly reviewed at the time of this writing.

Staff recommends submittal of a capacity to serve letter from the Portland Water District as a condition of approval.

Staff also recommends review and acceptance of the subdivision plat by the Planning Authority, Department of Public Works, and Corporation Counsel as a condition of approval.

Will Not Cause Unreasonable Traffic Congestion
 Staff find the proposed project in conformance with this standard.

Will Provide for Adequate Sanitary Sewer and Stormwater Disposal; Will Not Cause an Unreasonable Burden on Municipal Solid Waste and Sewage
 Staff received a wastewater capacity authorization from the Department of Public Works.

Scenic Beauty, Natural, Historic, Habitat and other Resources

Staff find the proposed project will not have an adverse effect on the scenic or natural beauty of the area.

Comprehensive Plan

Staff find the proposed project compatible with the Comprehensive Plan, which includes the following applicable goals:

- “encourage additional contextually appropriate housing density in and proximate to neighborhood centers, concentrations of services, and transit nodes and corridors as a means of supporting complete neighborhoods”

B. SITE PLAN (Section 14-526)

The proposed development prompts review for conformance with relevant standards of Portland’s site plan ordinance and applicable regulations.

Transportation Standards

Traffic Impacts; Parking; Construction Management Plan

As mentioned above, the B3 zone does not require one parking space per dwelling unit in this instance. The proposed project is not anticipated to significantly impact surrounding street systems, access, or circulation, as the units proposed for legalization already exist.

In their application, the applicants indicated an intention to install 10 bicycle parking spaces. Without a site plan, it is unclear where these spaces are intended. Staff seeks further clarity on this point from the applicant team.

Environmental Quality Standards

The proposed project is not anticipated to significantly impact natural features or water quality. As it is located on a fully developed site, the project was not subject to additional stormwater controls.

Because the project legalizes four residential units, four street trees are required under the City’s Technical Standards. Two street trees exist already. Applicant payment of the fee-in-lieu for the remaining two street trees is suggested as a condition of approval.

Public Infrastructure and Community Safety Standards

The applicant communicated with staff in the Permitting and Inspections Department to determine relevant standards / requirements applicable to their building. Based on these communications, the applicant intends to add a sprinkler system to the building. Division Chief Mike Thompson noted that the Fire Department has no comment on this project at the moment, as code requirements will be addressed in the permit process.

Utility work in the street and sidewalk next to the building is anticipated in order to upgrade water service and install a sprinkler system. Such work may disrupt pedestrian and traffic flow. Lauren Swett, the City’s consulting civil engineer, commented that the water service upgrade should be shown on appropriate plans with adequate consideration for sidewalk and pavement repair. She also noted that a construction management plan with consideration for the utility construction impacts to sidewalk and traffic should be provided.

As such, and as mentioned above, receipt and approval of a final site plan and construction management plan by the Planning Authority is suggested as a condition of approval.

Site Design Standards

The proposed project is not anticipated to create significant issues related to snow and ice loading, exterior lighting, noise and vibration, or waste/ recycling materials.

XII. PROPOSED MOTIONS

A. SUBDIVISION

On the basis of the application, plans, reports, and other information submitted by the applicant; findings and recommendations contained in the Planning Board report for the public hearing on June 12, 2018 for application 000023-2018 (44 Pleasant Street) relevant to the subdivision regulations; and the testimony presented at the Planning Board hearing, the Planning Board finds that the plan [is / is not] in conformance with the subdivision standards of the land use code, subject to the following conditions of approval, which must be met prior to the signing of the plat:

1. Confirmation from the Portland Water District of capacity to serve the property shall be provided to the Planning Authority for review and approval.
2. The subdivision plat shall be reviewed by the Planning Authority, Department of Public Works, and Corporation Counsel, and any necessary changes made.

B. DEVELOPMENT REVIEW

On the basis of the application, plans, reports, and other information submitted by the applicant; findings and recommendations contained in the Planning Board report for the public hearing on June 12, 2018 for application 0000-23 (44 Pleasant Street) relevant to the site plan regulations; and the testimony presented at the Planning Board hearing, the Planning Board finds that the plan [is / is not] in conformance with the site plan standards of the land use code, subject to the following conditions of approval, which must be met prior to issuance of a certificate of occupancy:

1. The applicant shall submit a final site plan and construction management plan for review and approval by the Planning Authority, Department of Public Works, and Corporation Counsel.
2. The applicant shall pay into the City’s street tree fund, at a cost of \$400 per tree, to account for each of the two trees not provided per the City’s Technical Standards.

Performance Guarantee, Inspection Fee, and Infrastructure Financial Contribution Packet

A. Site Plan/Subdivision Performance Guarantees Required

Portland's Land Use Code requires all developers with approved site plan and/or subdivision applications to submit a performance guarantee to the City prior to the start of any construction or site improvements. The performance guarantee represents 100% of the total cost of site improvements, as determined by the City. The code further requires developers to pay an inspection fee of 2% of the performance guarantee amount to the City for the administrative costs associated with inspecting construction activity to ensure that it conforms with plans and specifications. (Portland's Land Use Code, Sections 14-501 and 14-530)

B. Cost Estimate Form and Inspection Fee

The performance guarantee covers major site improvements related to site plan and subdivision review, such as paving, roadway, utility connections, drainage, landscaping, lighting, etc. Please submit an itemized cost estimate form to determine the detailed costs of both public and private site improvements to the Planning Division for review and approval. The cost estimate form is included as [Attachment 1](#). The approved amount on the Cost Estimate form is the amount to be covered by the performance guarantee and is the basis for calculating the 2% inspection fee.

C. Acceptable Types of Performance Guarantees

The accepted forms of a performance guarantee, covering the amount approved on the Cost Estimate form, must be one of the following options consistent with the attached templates, with **NO** exceptions:

1. A letter of credit from a bank/credit union (Attachment 2)
2. A deposit into a bank-held escrow account (Attachment 3)
3. A deposit into a City-held escrow account (Attachment 4)

NOTE: No land use application of any kind shall be processed, reviewed or issued, no signed subdivision plat shall be released or recorded, and no building permit of any kind shall be issued unless all fees have been paid and every aspect of the proposed development is in compliance with City Codes as determined by the Development Review Coordinator in the Planning Division.

The developer is eligible to receive up to three reductions from the performance guarantee in a calendar year equal to the estimated cost of the completed improvements. In no case, however, shall any performance guarantee be reduced 1) in any line item where improvements remain to be completed; or 2) to a value which is less than the estimated cost of completing all remaining required improvements; or 3) to a value less than 10% of the Performance Guarantee.

At the conclusion of the project, the City will release 90% of the performance guarantee after the Development Review Coordinator determines that site improvements have been satisfactorily completed at the time of the final inspection. The City will then retain a 10% defect guarantee to cover the workmanship and durability of materials used in construction. The defect guarantee will be released one (1) year from date of acceptance, subject to the Development Review Coordinator inspecting the site and finding it in compliance with the approved site plan.

D. Housing Replacement Performance Guarantees

For those projects that are subject to Portland's Housing Preservation and Replacement Ordinance (Section 24-483) and have an approved plan, then a performance guarantee is required for housing replacement. An owner or developer must post a performance guarantee in the form of a letter of credit in the amount equivalent to the amount the applicant would have been required to contribute to the City's Housing Fund, if the applicant had chosen that option. The guarantee shall be valid for no more than three years, after which the full amount shall be provided to the City's Housing Trust Fund, if replacement units meeting the code do not have certificates of occupancy. The guarantee can be released upon the issuance of a certificate of occupancy for the replacement units. A suggested template for a Housing Replacement Performance Guarantee is included as Attachment 5.

E. Infrastructure Accounts

Contributions to infrastructure accounts may be required as part of the conditions of site plan approval. The contributions must be submitted prior to the issuance of any permits, unless stated otherwise in the approval. The form for submitted required contributions is included as Attachment 6.

F. Administrative Process for Submitting Performance Guarantee

- **Step 1 - Cost Estimate**

Submit completed cost estimate form to Planning Division for review and approval. Once approved, use this total amount as the performance guarantee amount in Step 2.

- **Step 2 - Performance Guarantee**

Complete a draft of 1 of the 3 attached performance guarantee templates, inputting project specific information into blank and bracketed areas, and submit to the Planning Division for final approval. Once staff approved the draft, the applicant shall submit the official signed original performance guarantee document, which for option 1) or 2) must be on Bank/Credit Union letterhead with original signatures.

- **Step 3 - Submit Performance Guarantee, Inspection Fee, and Infrastructure Contributions**

Submit the final original Performance Guarantee, the required inspection fee, and any infrastructure contributions to the Planning Division. The Planning Division will confirm that the final documents are accurate and acceptable.

- **Step 4 - Release of Recording Plat and Permits**

Only after the performance guarantee is issued, fees paid, and all other conditions of site plan approval and compliance are met, will the recording plat be released for recording at the Cumberland County Registry of Deeds and/or City permits issued.

Contact: Please email the cost estimate form to jdealaman@portlandmaine.gov

After the cost estimate is approved, all subsequent paperwork can be submitted by mail to 389 Congress Street, 4th Floor, Portland, ME 04101, Attn: James Dealaman.

Please call 207-874-8721 with any questions.

[Insert: Name of Bank/Credit Union] (hereinafter referred to as “Bank”) hereby issues its Irrevocable Letter of Credit for the account of [Insert: Name of Applicant] (hereinafter referred to as “Applicant”), held for the exclusive benefit of the City of Portland, in the aggregate amount of [Insert: amount of original performance guarantee]. These funds represent the estimated cost of installing site improvements as depicted on the [Insert: subdivision and/ or site plan], approved on [Insert: Date] and as required under the City of Portland Code of Ordinances Chapter 14 §§ 501, 530 and Chapter 25 §§ 46-65.

The City, through its Director of Planning and Urban Development and in his/her sole discretion, may draw on this Letter of Credit by presentation of a sight draft and the Letter of Credit and all amendments thereto, up to thirty (30) days before or sixty (60) days after its expiration, stating any one of the following:

1. the Applicant has failed to satisfactorily complete the work on the improvements contained within the [Insert: subdivision and/ or site plan] approval, dated [Insert date]; or
2. the Applicant has failed to deliver to the City a deed containing the metes and bounds description of any streets, easements or other improvements required to be deeded to the City; or
3. the Applicant has failed to notify the City for inspections.

In the event of the Bank’s dishonor of the City’s sight draft, the Bank shall inform the City in writing of the reason or reasons thereof within three (3) business days of the dishonor.

After all underground work has been completed and inspected to the satisfaction of the City, including but not limited to sanitary sewers, storm drains, catch basins, manholes, electrical conduits, and other required improvements constructed chiefly below grade, the City may authorize the Bank, by written certification, to reduce the available amount of the escrowed money by a specified amount.

The City of Portland Code of Ordinances Chapter 14 §§ 503 requires the duration of the performance guarantee term to be at least one year. This Letter of Credit will automatically expire on **[Insert date one year from the date of this Letter of Credit]** or on the date when the City determines that all improvements guaranteed herein are satisfactorily completed, whichever comes first (“Expiration Date”), provided that the expiration date does not fall between October 30th and April 15th. It is a condition of this Letter of Credit that the expiration date be automatically extended without amendment for period(s) of one year each from the current Expiration Date hereof, or any future Expiration Date, unless within thirty (30) days prior to any expiration, the Bank notifies the City by certified mail (restricted delivery to Brendan O’Connell, Director of Finance, City of Portland, 389 Congress Street, Portland, Maine 04101) that the Bank elects not to consider this Letter of Credit renewed for any such additional period.

In the event of such notice, the City, in its sole discretion, may draw hereunder by presentation of a sight draft drawn on the Bank, accompanied by this Letter of Credit and all amendments thereto, and a statement purportedly signed by the Director of Planning and Urban Development, at Bank’s offices located at _____ stating that:

this drawing results from notification that the Bank has elected not to renew its Letter of Credit No. _____.

On its Expiration Date or on the date the City determines that all improvements guaranteed by this Letter of Credit are satisfactorily completed, this Performance Guarantee Letter of Credit shall be reduced by the City to ten (10) percent of its original amount and shall automatically convert to an Irrevocable Defect Letter of Credit. Written notice of such reduction shall be forwarded by the City to the Bank. The Defect Letter of Credit shall ensure the workmanship and durability of all materials used in the construction of the **[Insert: subdivision and/ or site plan]** approval, dated **[Insert: Date]** as required by City Code §14-501, 530 and shall automatically expire one (1) year from the date of its creation (“Termination Date”).

The City, through its Director of Planning and Urban Development and in his/her sole discretion, may draw on the Defect Letter of Credit by presentation of a sight draft and this Letter of Credit and all amendments thereto, at Bank’s offices located at _____, prior to the Termination Date, stating any one of the following:

1. the Applicant has failed to complete any unfinished improvements; or
2. the Applicant has failed to correct any defects in workmanship; or
3. the Applicant has failed to use durable materials in the construction and installation of improvements contained within the **[Insert: subdivision and/ or site improvements]**.

[Insert: Name of Bank/Credit Union] (hereinafter referred to as “Bank”) hereby certifies to the City of Portland that [Bank] will hold the sum of [Insert: amount of original performance guarantee] in an interest-bearing account established with the Bank. These funds shall be held for the exclusive benefit of the City of Portland and shall represent the estimated cost of installing site improvements as depicted on the [Insert: subdivision and/or site plan], approved on [Insert: date] as required under the Portland Code of Ordinances Chapter 14 §§ 501, 530 and Chapter 25 §§ 46-65. All costs associated with establishing, maintaining and disbursing funds from the Escrow Account shall be borne by [Insert: Applicant].

[Bank] will hold these funds as escrow agent for the benefit of the City subject to the following:

The City, through its Director of Planning and Urban Development and in his/her sole discretion, may draw against this Escrow Account by presentation of a draft in the event that:

1. the Applicant has failed to satisfactorily complete the work on the improvements contained within the [Insert: subdivision and/ or site plan] approval, dated [Insert date]; or
2. the Applicant has failed to deliver to the City a deed containing the metes and bounds description of any streets, easements or other improvements required to be deeded to the City; or

TEMPLATE - PERFORMANCE GUARANTEE ESCROW ACCOUNT
with the City of Portland

Applicant’s Tax Identification Number: _____

Applicant’s Name and Mailing Address: _____

City Account Number: _____

Application ID #: _____

Application of _____ [Applicant] for _____ [Insert
street/Project Name] at _____ [Address], Portland, Maine.

The City of Portland (hereinafter the “City”) will hold the sum of \$_____ [amount of performance
guarantee] on behalf of _____ [Applicant] in a noninterest bearing account
established with the City. This account shall represent the estimated cost of installing
_____ [insert: subdivision and/ or site improvements (as applicable)] as depicted
on the subdivision/site plan, approved on _____ [date] as required under the Portland Code of
Ordinances Chapter 14 §§ 501, 530and Chapter 25 §§46-65.

The City, through its Director of Planning and Urban Development and in his/her sole discretion, may draw
against this Escrow Account in the event that:

1. the Applicant has failed to satisfactorily complete the work on the improvements contained within
the _____ [insert: subdivision and/ or site improvements (as applicable)]
approval, dated _____ [insert date]; or
2. the Applicant has failed to deliver to the City a deed containing the metes and bounds description
of any streets, easements or other improvements required to be deeded to the City; or
3. the Applicant has failed to notify the City for inspections in conjunction with the installation of
improvements noted in paragraph one.

The Director of Planning and Urban Development may draw on this Guarantee, at his/her option, either
thirty days prior to the expiration date contained herein, or s/he may draw against this escrow for a period
not to exceed sixty (60) days after the expiration of this commitment; provided that the Applicant, or its
representative, will give the City written notice, by certified mail (restricted delivery to Brendan O’Connell,
Director of Finance, City of Portland, 389 Congress Street, Room 110, Portland, Maine) of the expiration of
this escrow within sixty (60) days prior thereto.

After all underground work has been completed and inspected to the satisfaction of the City, including but
not limited to sanitary sewers, storm drains, catch basins, manholes, electrical conduits, and other required
improvements constructed chiefly below grade, the City of Portland Director of Planning and Urban
Development or its Director of Finance as provided in Chapter 14 §§ 501, 530 of the Portland Code of
Ordinances, may authorize the City to reduce the available amount of the escrowed money by a specified
amount.

This Guarantee will automatically expire on [Insert date one years from the date of this performance
guarantee] (“Expiration Date”), or on the date when the City determines that all improvements guaranteed
by this Performance Guarantee are satisfactorily completed, whichever is later, provided that the expiration

date does not fall between October 30th and April 15th.

At such time, this Guarantee shall be reduced by the City to ten (10) percent of its original amount and shall automatically convert to an Irrevocable Defect Guarantee. Written notice of such reduction and conversion shall be forwarded by the City to **[the applicant]**. The Defect Guarantee shall expire one (1) year from the date of its creation and shall ensure the workmanship and durability of all materials used in the construction of the **[Insert: Subdivision and/ or site plan]** approval, dated **[Insert: Date]** as required by City Code §14-501, 525.

The City, through its Director of Planning and Urban Development and in his/her sole discretion, may draw on the Defect Guarantee should any one of the following occur:

1. the Applicant has failed to complete any unfinished improvements; or
2. the Applicant has failed to correct any defects in workmanship; or
3. the Applicant has failed to use durable materials in the construction and installation of improvements contained within the **[Insert: subdivision and/ or site plan]**.

Re: [Insert Project Address] Demolition and Housing Replacement

[Insert Name of Lender] (“Bank”) hereby issues its Irrevocable Letter of Credit for the account of **[Insert Name of Applicant]** (“Applicants”), held for the exclusive benefit of the City of Portland (“City”), in the aggregate amount of **[Insert exact amount to be determined by the City]**. These funds represent the estimated cost of **[Insert Amount]** for the housing replacement fee applicable to the demolition of **[insert number of units demolished]** dwelling units if no replacement units are constructed, as approved on _____ (“**Demolition Approval**”) and as required under Portland Code of Ordinances Chapter 14-483(j).

In the event that Applicant fails to satisfy its housing replacement obligation, the City, through its Director of Planning and Urban Development and in his/her sole discretion, may draw on this Letter of Credit by presentation of a sight draft and the Letter of Credit and all amendments thereto, if any.

The housing replacement requirement shall be deemed satisfied upon the City’s issuance of a Certificate of Occupancy for **[insert number of units to be replaced]** dwelling units located in the City of Portland provided that the aggregate size of the replacement units will be no less than 80% of the size of the aggregate of the original units.

After construction of each of the replacement units has been completed, the City, as provided in Chapter 14 of the Portland Code of Ordinances, may authorize the Bank, by written certification along with the return of the original of this Letter of Credit, to reduce the available amount of the escrowed money by the full amount of the Letter of Credit.

In the event of the Bank’s dishonor of the City of Portland’s sight draft, the Bank shall inform the City of Portland in writing of the reason or reasons thereof within three (3) business days of the dishonor.

The City of Portland Code of Ordinances Chapter 14 §§ 503 requires the duration of the performance guarantee term to be at least one year. This Letter of Credit will automatically expire on **[Insert date one year from the date of this Letter of Credit]** or on the date when the City determines that all improvements guaranteed herein are satisfactorily completed, whichever comes first (“Expiration Date”), provided that the expiration date does not fall between October 30th and April 15th. It is a condition of this

Letter of Credit that the expiration date be automatically extended without amendment for period(s) of one year each from the current Expiration Date hereof, or any future Expiration Date, unless within thirty (30) days prior to any expiration, the Bank notifies the City by certified mail (restricted delivery to Brendan O'Connell, Director of Finance, City of Portland, 389 Congress Street, Portland, Maine 04101) that the Bank elects not to consider this Letter of Credit renewed for any such additional period.

In the event that the Bank provides notice of its election to discontinue this Letter of Credit and Applicant has not satisfied its housing replacement obligation, the City, in its sole discretion, may draw hereunder by presentation of a sight draft drawn on the Bank, accompanied by this Letter of Credit and all amendments thereto, and a statement signed by the Director of Planning and Urban Development, at Bank's offices located at Portland Maine stating that:

this drawing results from notification that the Bank has elected to discontinue its Letter of Credit No. _____.
