### CITY OF PORTLAND, MAINE HISTORIC PRESERVATION BOARD

Cordelia Pitman, Chair John Turk, Vice Chair Marce Belanger Kimberley Geyer Edward Hobler Steve Sewall Susan Wroth

May 5,2005

Charles and Susan Baillargeon 37 High Street Portland, Maine 04101

Re: 37 High Street. - Exterior and Site Alterations

Dear Mr. and Mrs. Baillargeon:

On May 4,2005, the City of Portland's Historic Preservation Board voted 5-0 (Hobler, Turk absent) to approve your application for a Certificate of Appropriateness for exterior and site alterations at 37 High Street. The applications was for 1) paving of an existing driveway; 2) expansion of the ell's roof; and 3) installation of a concrete-block retaining wall (after-the-factreview).

Board approval was made subject to the following conditions:

Driveway

• A 2-foot buffer shall be retained on the south side of the driveway, adjacent to the abutting residence.

Roof Expansion

- The  $3^{rd}$  floor windows on the expanded ell are to be reduced in length by @ 6 inches. The proposed header heights shown on the elevation drawings to remain in their present location.
- The cornice detail on the existing ell to be eliminated, as part of the expansion project. Retaining Wall
- Height of retaining wall to be reduced by one full-size block. Capstones to be replaced after second course of stones is removed.
- Trailing (preferably evergreen) vegetation to be planted at edge of bed to drape over wall.

(Note that the Board allowed 24 months from the date of this approval to complete the required modifications to the existing retaining wall.)

All improvements shall be carried out as shown on the plans and specifications submitted for the 5/04/05 public hearing and/or as described above. Changes to the approved plans and specifications and any additional work that may be undertaken must be reviewed and approved by this office prior to construction, alteration, or demolition. If, during the course of completing the approved work, conditions are encountered which prevent completing the approved work, or which require additional or alternative work, you must apply for and receive a Certificate of Appropriateness or Non-Applicability PRIOR to undertalang additional or alternative work.

This Certificate is granted upon condition that the work authorized herein is commenced within twelve (12) months after the date is issuance. If the work authorized by this Certificate is not commenced within

twelve (12) months after the date of issuance or if such work is suspended in significant part for a period of one year after the time the work is commenced, such Certificate shall expire and be of no further effect; provided that, for cause, one or more extensions of time for periods not exceeding ninety (90) days each may be allowed in writing by the Department.

Sincerely, (M)adding titman

Cordelia Pitman Historic Preservation Board
