Comments:

5/9/2008-amachado: Spoke to Thomas McGinniss. Steps and ends of deck need to meet the 20' rear setback. Maybe can use section 14-425. He said that he would bring in revised plans.

5/12/2008-amachado: Tom McGinniss brought in revised plan making steps 6' wide to meet section 14-425. Deck still encroaches one foot into rear setback. Called Tom & left him a message.

5/13/2008-amachado: Spoke to Tom. He will shorten the deck one foot so with the steps only being 6' wide he will meet the rear setback using section 14-425.

BUILDING PERMIT INSPECTION PROCEDURES

Please call 874-8703 or 874-8693 (ONLY)

to schedule your inspections as agreed upon

Permits expire in 6 months, if the project is not started or ceases for 6 months.

The Owner or their designee is required to notify the inspections office for the following inspections and provide adequate notice. Notice must be called in 48-72 hours in advance in order to schedule an inspection:

By initializing at each inspection time, you are agreeing that you understand the inspection procedure and additional fees from a "Stop Work Order" and "Stop Work Order Release" will be incurred if the procedure is not followed as stated below.

A Pre-construction Meeting will take place upon receipt of your building permit.

 X **Footing/Building Location Inspection: Prior to pouring concrete or setting precast piers**

 X **Framing/Rough Plumbing/Electrical: Prior to Any Insulating or drywalling**

 X **Final inspection required at completion of work.**

Certificate of Occupancy is not required for certain projects. Your inspector can advise you if your project requires a Certificate of Occupancy. All projects DO require a final inspection.

If any of the inspections do not occur, the project cannot go on to the next phase, REGARDLESS OF THE NOTICE OR CIRCUMSTANCES.

CERIFICATE OF OCCUPANICES MUST BE ISSUED AND PAID FOR, BEFORE THE SPACE MAY BE OCCUPIED.

Re: Exterior and Site Alterations, 27 High Street

Dear Mr. McGinnis:

On June 4, 2008, the City of Portland's Historic Preservation Board reviewed your application for a Certificate of Appropriateness for exterior and site alterations at 27 High Street. The application called for the following alterations: 1) removal of existing first floor porch and steps and replacement with extended porch/deck; 2) replacement of 2nd floor porch posts to allow incorporation with new first floor porch design; 3) replacement of existing rear property line fence; 4) installation of fence at front sidewalk line; and 5) paving (asphalt) of a portion of the side yard.

Board approval was made subject to the following conditions:

- Front yard fence: Fence is to be installed directly behind the sidewalk. The short section of fencing adjacent to the house is to return towards the house. Posts to be cedar, not pressure-treated. Front yard fence to be painted or opaque stained.
- Rear yard fence: An alternative design for this fence (other than that shown in the application) is approved, provided the top of the fence is kept simple so as not to compete with the decorative fence in the front yard. Rear yard fence to have simple square top posts and balusters. Alternatively, standard stockade fencing can be modified with continuous cap detail—see enclosed.
- First and second story porch/decks: Within reasonable tolerances, the baluster spacing of the 2nd floor deck is to be made consistent with that of the proposed first floor deck. Spacing of the porch posts is to be consistent. Decorative brackets (shown in elevation drawings) are to be eliminated. Both 1st and 2nd story porch/decks are to be painted out within 1 year of completion.
- Paving. Extent of paved area to be as shown in submitted "Landscape Plan", with accommodations for 4 cars.

Note: During deliberations, it was noted that modifications to the front porch had been made subsequent to the filing of this application. Although the porch changes were not before the Board for review, the Board noted that the work requires, at a minimum, staff review and approval.

All improvements shall be carried out as shown on the plans and specifications submitted for the 6/04/08 public hearing and/or as described above. Any appeal of this decision must be filed with the Planning Department within 30 days of receipt of this notice. Changes to the approved plans and specifications and any additional work that may be undertaken must be reviewed and approved by this office prior to construction, alteration, or demolition. If, during the course of completing the approved work, conditions are encountered which prevent completing the approved work, or which require additional or alternative work, you must apply for and receive a Certificate of Appropriateness or Non-Applicability PRIOR to undertaking additional or alternative work.

This Certificate is granted upon condition that the work authorized herein is commenced within twelve (12) months after the date of issuance. If the work authorized by this Certificate is not commenced within twelve (12) months after the date of issuance or if such work is suspended in significant part for a period of one year after the time the work is commenced, such Certificate shall expire and be of no further effect; provided that, for cause, one or more extensions of time for periods not exceeding ninety (90) days each may be allowed in writing by the Department.

Sincerely,
