Hi

Am wondering if you could look at this and let me know....Deb, I have a printed copy of the plan and will try to catch you later today.

thanks

Jean

Tom and Deb

Vin has sent this plan as the final "Wayfinding" plan to meet the site plan condition- it reflects our meeting with him on site.

I would like to approve this plan as meeting the condition of approval and in the event that Marge denies any of these under the signage ordinance (I sent everyone a table indicating the review process involved with each, copy attached), we will use this plan as the basis for allowing the signs under Site Plan. I will liaise separately with DPS (David Margolis-Pineo) regarding the 2 banners that are proposed to be on light columns in the ROW - David has suggested there is no policy on this and that they have been allowed elsewhere- and since they assist with "wayfinding" I hope that they do not create an issue.

(Note: Foundry Lane itself is not ROW)

Please let me know if this plan is OK with you.

thanks

Jean

Hi Jean,

Attached is the new wayfinding plan with the valet parking sign added. Do not hesitate to contact me with additional questions.

Thanks,

Vin

Subject: 2nd reply RE: Signage permits at Marriott Courtyard

Vin

I just printed this out and was about to forward it to Tom when I noticed that the sign for the valet parking is not on this plan- and since its way-marking and of concern to Tom I think it needs to be included (just the one at Foundry lane).

I appreciate that you may not be the one seeking the permit, but if Marge denies it because of some technicality in the sign ordinance, it needs to be on this plan so that we can approve it under site plan. Hope that makes sense.

thank you

Jean

Jean,

Attached is the revised wayfinding sheet. We added the signs on the upper part of Foundry Lane in the order in which we propose hanging them on the existing light poles. Does this revised plan work? If so, I will get the ball rolling with Marge and David.

Thanks,

Vin
